Thank you for expressing interest in the Loving Solutions discipleship program.

Our program is a 12-month, residential, discipleship program for adult women who are in bondage to a methamphetamine addiction that has taken control over their lives. Our goal is to provide a safe and secure, Christ-centered environment for our students, to assist them in the process of gaining freedom from the chains of their addiction, which has led to hopelessness.

It is essential that incoming students are willing to live in a right relationship with staff, volunteers, and fellow students. We can only assist students who have come to the point in their lives where they are ready for life change through Christ's power and truth!

We help women find complete healing in all areas of their life: mental, physical, and spiritual. The students are not allowed nicotine. Caffeine and sugar will be limited in order to learn a healthy eating plan during their year in our program. All applying applicants must want help for themselves in order to achieve success in this ministry.

Attached is your application packet used to help us evaluate your appropriateness for our program. Completed applications can be mailed to the address above. Please call and let us know that you have mailed the application once you have done so.

Please answer the questions on your application as specific as possible. Be HONEST!

Nicholas E Goeders, Ph.D.,  
Director  
Loving Solutions
